Statement made by [redacted]

I have recently been confronted with a situation which I want to share with the Anti-Defamation League. I am in business for myself, selling diamonds. My office is at [redacted] I happen to do some business with a Mr. Maurice Anderson who operates Killgallon & Company, Refiners and Smelters, in Room 1101 at the same address. Mr. Anderson is also an antique dealer and art collector. Anderson shares office space with [redacted]

[redacted] The business that I carry on with Mr. Anderson is the occasional purchase of antiques and silver.

In the process of this occasional business relationship, I became aware of the fact that Anderson has a son, Paul Anderson, now 15 years of age. I understand further that Mr. Anderson and his wife are divorced and that the boy has been the subject of a good deal of bickering between the father and mother. Several court hearings have been held in connection with deep-felt arguments with regard to what the boy should or should not be able to do. I understand further that Paul Anderson's grandfather is Mr. Olsen of Olsen & Ebban, who operates a chain of retail clothing stores, with headquarters in the Republic Bldg., 209 S. State St. and outlets throughout the middle-West.

I understand that Paul Anderson lives with his grandfather. I believe they reside somewhere on Lake Shore Drive.

Over a period of time, I have learned that Paul Anderson frequently travels to Switzerland where he presumably attends some kind of school. About a year ago, following Paul's return from Switzerland, I learned from general conversation that the boy apparently was very interested with Hitler and Hitlerism and sounded off in a somewhat hostile manner. Nevertheless, at least at that time, he did not say anything of an anti-Semitic character.

About a week ago, in a general chat with Paul Anderson, we discussed the question of the primary battle for senator in the state of Illinois. He bet me that McCarthy would win. On September 9, we got into a discussion about politics and Paul began to harangue me about E. A. Tamm destroying Dresden. I mentioned the six million Jews that were killed and he "poo-pooed" this claim, saying that it was only propaganda by Hitler in destroying Communists. He then began to attack the Jews and the conversation took the shape of discussing other communists in the Jewish community in America, all of whom he categorized as "international bankers and high financiers running the Government."

He then told him I would get some literature, setting the record straight with regard to Frankfurter and the like. The following morning, September 10, he exhibited a good deal of blatantly anti-Semitic literature, giving me copies of some of the items, including Frank Britton's "Behind Communism," the cartoon "Stop Jewish Barbarism", distributed by Pioneer News Service, "Ikie Eisenhower" smear cards circulated by Smith's Patriotic Tract Society, literature emanating from Einar Aberg and the like. It was very apparent that this boy has been fully exposed to the complete gamut of anti-Semitic literature available in America.

Paul told me that he is associated with the National Renaissance Party whose hope is to "do for America what Hitler did for Germany." He also is familiar with Mrs. Van Hyning of Mo, the Mothers organization and apparently has been in contact with that group. He also mentioned the name of Dr. Donald J. McDaniel at 31 North State, who is a dentist, with whom he is cooperating in the distribution of literature like the above-mentioned "Stop Jewish Barbarism!" He told me that he had 500 copies of this particular item and was now circulating them through the mails all over the country.

In spite of every effort on my part to show him the absurdity of his philosophical beliefs, it is very apparent that they are very deeply felt and the boy harbors blatant views. I understand that in about four weeks he will be returning to Switzerland for further schooling. Nevertheless, because he continues to come back to Chicago, I feel certain that he represents a significant source of intensive circulation of anti-Semitic literature and the like.

In our conversation, I was given to understand that I am the first Jew to whom he "has opened up". He insists that he is not personally anti-Semitic, indicates that he is not against the Arabs and they are Semites. He further parrots all of the well-known anti-Semitic canards.

At this moment I do not know what can be done about this individual. I do want to make one thing clear, however: I would not want the Anti-Defamation League to do anything that would compromise me or Mr. Rotter, who offices with Mr. Anderson, Sr. Obviously, we would be the only two Jewish people who know of Paul Anderson's attitudes. Should anyone approach the boy, or his father or grandfather, questioning them about these attitudes, it would be apparent to them that Rotter and I had discussed the matter with others. At this stage, Rotter is only incidentally aware of the whole situation. He does not know that I have come to the Anti-Defamation League with this story.

. In the Jewish code laws, the Talmud, it is written:

"You (Jews) shall be called Men, but the other peoples in the world shall not be called Men but cattle." Baba mezia, page 144 b.

"The non-Jews are created for the service of the Jew. They must plow, sow, weed, dig, mow, bind sift and grind. The Jews are created to find all this prepared for them." Berachoth, page 58 a.

"All non-Jews shall become slaves to the Jews. Every Jew shall some day have 28,000 non-Jewish slaves." Sanhedrin, page 104 a.

"Yahweh has given up the non-Jewish peoples to the Jew. Deflowering of non-Jewish women, therefore, does not fall under the penal-code."

Kethuboth, page 4 b.

"When you kill non-Jews, you kill them all, from old men to children's children, because such is the commandment, and it is, no doubt, the will of Yahweh that all non-Jews shall be murdered, even the little children with their parents and parents's parents without exception. This commandment one finds anywhere in the Thora (=the Pentateuch, The Editor.)"

Anti-Semitism is the Self-defence of the individual and the peoples.

Beginning back in the Fall, 1952, we became interested in subject. At that time, Anderson, only 17, blatantly expressed himself in a most anti-Semitic fashion, circulated copies of well-known hate pieces, and was known to be a habitue of the "Mothers" at 537 S. Dearborn. We subsequently learned that he was taking some schooling in Switzerland and that he was a grandson of Olsen of Olsen & Eben, a well known jewelry operation in this sector. His father, Maurice Anderson, was also in the jewelry business and was an antique dealer and art collector. Parents divorced.

On a few occasions since that time, we had heard that he was trafficking with assorted elements around the country, most specifically, Eustace Mullins and Max Nelsen.

On September 24, he came into our office, identified himself as Anderson, and requested back copies of the ADL Bulletin. When he pressed [REDACTED] for a look-see at some hate literature, she referred him to me. She had a hunch he was not really a "student" as he had led her to believe. I introduced myself, immediately suspecting that he might be Paul, and was struck by the limp handshake he proffered. I asked him why he was interested in "hate" literature and he said he wanted to see what it was that we and other groups were attacking. I asked one of the girls to bring in some samples, figuring that I would play the situation by ear. While we waited, he made conversation, quizzing me about the "We, the People" group which had just held a convention in Chicago. I said something noncommittal and then asked him what he knew about "We, the Mothers". He pretended to be unfamiliar and I figured I had had enough of his game and told him to stop playing games with me, because he damn well did know who the "Mothers" were, etc. He finally admitted that he used to hang out there quite a bit and conceded that he was Paul Anderson. In short order, he let his hair down and spelled out his philosophy.

He is working closely with Mister Nelsen and Mister Mullins and has been for some time. He shares their theories about how the white elite must take over control of the world. The time is not yet ripe, but they will know what to do when the right time comes. That time may be on the occasion of an economic debacle or when India falls to the East, or when whites in communities like Chicago have no more place to flee from the mongrel blacks. Though he admired the abilities of their Jewish adversaries, the Jews will be properly dealt with at the proper time, along with the Negroes and Catholics. Democracy stinks, the idiot in the White House is a joke, most people are too stupid

to know what is happening to them, being more interested in such trivia as the White Sox winning the pennant. They are not at all unhappy that they have no mass following, since it is merely important presently to keep their lines of communication open throughout the world, working on key people.

He announced that Mister Nelsen is now operating the "Truthseeker," formerly handled by Charlie Smith, a "wonderful old man, who was recently in Europe." Nelsen operates this from Chicago, said Anderson. I needed him about the manner in which he kept calling these bums "Mister", wondering why he had to talk so about his good friends, Max and Eustace. He mumbled something about Mr. Khrushchev and Mr. Eisenhower, so I let it drop. He lectured me on the guilt of the Jews in re Communism and integration and cited headline stories for me to "prove" his points. No matter what tack I took in picking his arguments to pieces, he had a pat answer for everything. I observed that he had much of the technique of a well disciplined Communist ~~dialectician~~ dialectician. He proudly conceded that he could discuss Marxism with the best of them because of his extensive studies.

He bragged about his many foreign trips and the important people that he has seen. Warned me that even though he could be picked up for street anti-Semitism in West Germany, leaders he spoke with in the government agreed with many of his beliefs. So also in Sweden and other European countries. He acknowledged that there probably is a certain amount of anti-Semitism behind the Iron Curtain and explained that this was a consequence of the masses finally waking up to the machinations of the Jews and those Jews who are still prominent in Communist regimes will be toppled and "thrown to the people" when the current masters find it propitious.

He and his colleagues could easily get well-paying jobs in places like Cairo in the area of propaganda writing. Didn't I know that Mullins had already been doing that kind of work? I sardonically suggested that since they had to wait an uncertain time for "Der Tag", why the hell didn't they all take these lush jobs at foreign spots, so they could at least live it up during the interim. He grunted something vague. As far as his own maintenance, he denied any financial help from his father or grandfather, stating that he recently got a \$40 birthday gift from his grandpa, to apply on the purchase of a suit. He inferred that his family, though sympathetic to many of his beliefs, didn't go along fully with them. They are agnostics, said Paul. I sought to needle him more about his own likely deficiencies as a leader of the elite. Wasn't he near-sighted like I am, and wasn't myopia inheritable? He heatedly shouted that he was just near-sighted, not inheritable, and nothing in his physical makeup could contribute to mongrel offspring. Nevertheless, if it was to be decided that he had a bad physical trait which could endanger the elite, he would accept sterilization.

I wondered about other interests that he might have, expressing mock sorrow at his singular existence. He doesn't care for liquor, but he does like sex. I asked him about the reputation that Mullins has in some circles and with irritation he asked if I meant homosexuality. I responded by reminding him about remarks on that score by people like Liz Dilling. He heatedly poo-pooed any such possibility, giving me his own personal assurance that he has been with Eustace many times in houses of prostitution, out in Calumet City, and what not. This area of interest found him more excitable than on any other score.

It should please [] to know that he and his colleagues were delighted with the full spread on Nelson which appeared in the March 1959 ADL Bulletin. I good-naturedly asked if he had ordered mass quantities, but he smiled grimly and noted that a few reproductions had been sent around. He wanted to know whether their group from P.O.Box 1785 could subscribe to the ADL Bulletin and I thought that such was unquestionably likely - just write to New York. New York may consequently look forward to that thrilling moment!

Van Hynning and her "Mothers" and outfits like Gerald L. K. Smith are idiots who are virtually doing the work of the ADL. Anti-fluoridators probably do go too far, but don't the Jews have a peculiar affinity for unusual drugs? Those few Negroes who are "successes" prove nothing since they come from nothing - no culture, no anything. They must be removed. There is not need for intensive anti-Catholic writings at present, because at the right time they will be easily disposed of.

This went on for two and a-half hours. I must confess that he intrigued me as I might have been entranced by a virulent snake. He is exceptionally well dressed, good vocabulary, and attractive-looking. About 6' tall, wavy blond hair, almost golden in hue, horn-rimmed glasses, brown eyes, about 165 or 170 pounds. I kidded him about his brown eyes, exposing my own baby blues, and stated that I probably fit the Aryan pattern better than he did. He just smiled.

Although we may not have learned a great deal from this incident, it at least demonstrates a very good reason why we ought keep an eye on him in the future. Matt Koehl is part of their operation and he said something about Matt doing a good deal of traveling in recent days. They are looking forward to an expected "exposure" story in Look Magazine, claiming that they knew that Look people have been snooping around this area recently.

As you will note, I am sending a copy of this report to the Chicago FBI.

Regards.

PRESS RELEASE from E. Mullins, 2B, 2239 Lincoln Ave., Chicago 14, Ill.

RELEASE 3:00 P. M. Dec. 14, 1959

POLICE STATE TERROR ON LINCOLN AVENUE

When writer and publicist Eustace Mullins announced that he was writing a biography of his friend, the stormy poet Ezra Pound, F. B. I. agents called him and warned him to say nothing against the F. B. I. in the book. Mullins, 36, of 2239 North Lincoln Avenue, Chicago, former public relations counselor for the Chicago Motor Club, replied that he would relate in the Pound biography the story of the F. B. I. agents who called on him in Washington ten years ago, and demanded that he stop lobbying Congressmen to help Ezra Pound. Mullins had been trying to interest political leaders in the plight of the poet, then held as a political prisoner in St. Elizabeth's, Washington, D. C., Pound was released in 1958.

Mullins also said he would relate in the book that many of Pound's visitors were intimidated by the F. B. I. As a result, F. B. I. agents listed Mullins as a "recalcitrant," who would not cooperate. They began a 24-hour surveillance of his apartment which has now lasted two years. Agents often park in the alley behind the apartment house, and frequently interrogate his neighbors. Several of the neighbors moved after agents told them that Mullins kept large quantities of dynamite in his apartment, and that the entire building might go up at any time. The janitor is terrified, and Mullins' landlord threatens to cancel his lease.

Mullins says he is fed up with living under these siege conditions. He had his phone disconnected a year ago, he says, because "I am shy about speaking before large audiences." He does not answer his door bell, and his mail is frequently torn open, arriving several days late.

This summer, while Mullins was visiting in Michigan, he allowed an elderly couple to use his Chicago apartment. Two carloads of F. B. I. agents surrounded them in the alley, and took their car keys. The terrorized couple drove back to Michigan by jump-starting the car. (Affidavits on request.)

"Hundreds of people are living under these siege conditions in America," says Mullins, "just because they have been unfortunate enough to offend some commissar in Washington." He points out that J. Edgar Hoover has the only private army in the United States, and that he can send 50 or 100 armed men after any individual at any time. Hoover may be prey to increasing depression as he considers how every secret police chief in the twentieth century has died by violence.

Hoover's vast personal power has been built on the myth of his fight against Communist subversion, says Mullins, but the achievements of the F. B. I. in this field have largely been due to press agents, and consist of victories against old-maid school teachers and librarians. Not one member of the Soviet Fourth Bureau, the best-trained espionage group in the world has ever been apprehended in the United States, although it is known that they operate here. The arrest of Col. Abel was hailed as a great victory, but he was an incompetent agent in semi-exile, whom the Soviets exposed to get rid of him.

Mullins asks that the F. B. I. be abolished, and its files turned over to the Pentagon. "The struggle against Communist subversion is essentially a military one," he says. No group should ever be allowed to operate in

America with the kind of immunity from all moral and political laws which has been granted to the F. B. I., he points out. No. F. B. I. agent has ever been dismissed for immorality, but no one who has seen them in action could believe that they are free from the corruption which infests other Federal bureaus. The arrogance and un-American activities of the F. B. I. have come under heavy fire from many American businessmen, educators and religious leaders. Banker Cyrus Eaton has denounced their vicious actions.

Meanwhile, Mullins continues to live under constant harassment. "I have gotten used to it," he says, "but the terrorizing of my neighbors and my relatives is painful to me."

Following receipt of the aforementioned information, we received additional data from an individual who is able to keep us posted on some of the activities taking place at the headquarters of the "We, the Mothers", 537 South Dearborn, Chicago. We were confidentially advised that a boy named Paul Anderson, living on Lake Shore Drive, has been visiting the headquarters of the "We, the Mothers" on frequent occasions. It appears that he has been desirous of securing every conceivable kind of anti-Semitic literature from this office and has even amazed the somewhat blatant followers of the "Mothers" by his vitriolic attacks against the Jews. He declared that his theory for handling the Jewish problem is to sterilize all the

October 10, 1952

I further understand that he has literally crawled all over the premises, climbing up on high shelves and the like, discovering all kinds of old literature which has not been used by the "Mothers" for quite some time.

Several days ago, we received a report from our New York office indicating that another item, originally disseminated by the Pioneer News Service, had suddenly appeared in Philadelphia. I am attaching a photostated copy of this particular item, marked No. 5. At this moment, I do not know whether this was distributed locally in Philadelphia or whether it was sent to Philadelphia from some other point, more than likely Chicago. I am trying to run down the exact details on this aspect of the proposition.

Pioneer News Service was the original enterprise of a man named [redacted]. A good portion of his "literature" employed the technique of anti-Semitic cartoons like exhibits 4 and 5. According to our records, [redacted] retired from anti-Semitic activity back in 1947, at which time he turned over his mailing list and literature to the "We, the Mothers" organization. You will note in the aforementioned Newberger statement that young Anderson indicated he possessed 500 copies of the cartoon item (No. 4) and planned to circulate them through the mails all over the country. He apparently is getting the cooperation and counsel of [redacted] in this activity. You may remember [redacted] as a dentist who has been quite active in anti-Semitic involvements for more than a decade. He was one of the sedition indictees in the famous case of a number of years ago. It appears very likely that Anderson, working with both [redacted] and elements up at the "We, the Mothers" headquarters, has now secured a large quantity of various kinds of literature, much of which includes old [redacted] Pioneer News Service articles. The latter items have had virtually no circulation in the last four or five years. As a consequence, I strongly suspect that Anderson probably sent the item which appeared in Philadelphia and may also be appearing in other parts of the country.

b6
b7C

In any event, [redacted] I submit all of this information to you for whatever action you consider appropriate. I want to add one note, requesting that you make every effort to respect the confidence which [redacted] has asked of us. By the same token, [redacted] with Anderson Sr., should be considered in a confidential fashion. Although we have not received any information directly from him, I gather from [redacted] that Rotter prefers not to be embarrassed in the situation. Nevertheless, there is no reason why your office cannot interrogate either [redacted] [redacted] for supplemental or confirming data. It goes without saying that our source of information within the "Mothers" organization is a valuable one and I trust that that proposition can be treated with the utmost confidence.

b6
b7C

If there is any other data which I can submit to you, please do not hesitate to call upon us.

Sincerely yours,

Political Beliefs and Activity

T-3, supra, in November, 1954, furnished the following information:

ANDERSON claimed when he was 16 years of age he was considered a boy genius in connection with an allegation (nature of allegation not indicated) that he was involved in a conspiracy to overthrow the Yugoslavian Government and for this reason he was put out of Switzerland. ANDERSON indicated that he was interested in reviving the Bolshevik Regime. ANDERSON indicated to the informant that he had worked for "We the Mothers Against War". ANDERSON stated he definitely was not a Communist.

T-4, of known reliability, advised on May 5, 1953, that "Women's Voice" is the official publication of "We the Mothers Mobilize for America, Inc." which was founded in Chicago in 1941 and has been profanely anti-Semitic, anti-British, anti-Communist, anti-UN, and anti-EISENHOWER Administration, and Mrs. LYRL CLARK VAN HYNING is the leader and head of this organization. Informant stated that the organization is pro-German and its publication "Women's Voice" follows the organization's views.

T-4, supra, on October 14, 1952, advised that he had learned the following information regarding PAUL GEORGE ANDERSON:

ANDERSON was very much impressed with HITLER and Hitlerism. ANDERSON has displayed to others anti-Semitic literature which he has had in his possession. Subject has stated that he is associated with the National Renaissance Party whose hope is to "do for America what HITLER did for Germany". He is also acquainted with Mrs. VAN HYNING of "We the Mothers" organization in Chicago.

T-1, supra, on November 6, 1954, furnished the following information:

Subject was planning to travel in Czechoslovakia, East Germany, and Russia and had bragged that he had recently been expelled from Bern, Switzerland, by the authorities for political activity. ANDERSON claimed that he is a member of the National Renaissance Party which is a Fascist organization with the motto: "We will do for America what HITLER did for Germany".

T-5, of known reliability, advised in July, 1953, that the National Renaissance Party originated in 1948 by JAMES H. MADOLE, and he has maintained leadership of this Party. Informant

believed that the National Renaissance Party is restricted to the New York area but efforts have been made to organize other groups from time to time in cities like Chicago. The Party's publication is known as "National Renaissance Bulletin". T-5 stated that MADOLE has gathered a group of pro-German, anti-Semitic radicals into this Party some of whom have been active for years in other pro-German organizations in New York City. T-5 concluded that although it appears that the National Renaissance Party is solely a New York City organization being used to spread anti-Semitic propaganda, it is his belief the National Renaissance Party could be part of a large world-wide plan to discredit the present German Government and hinder the United States State Department in its plans for unification of Western Europe.

T-2, supra, on December 1, 1954, furnished the following information:

ANDERSON, while in Europe, became very interested in the Fascist movement and considered himself an intellectual conservative. The subject openly bragged about his association with Communists and Fascists in Paris, France, and Switzerland. ANDERSON stated that if you associated with the Communists and Fascists in Paris you could always pick up loose money. ANDERSON displayed to the informant a membership card in the National Renaissance Party which he claimed is not on the Attorney General's list. However, ANDERSON believed that this Party was in the process of being placed on this list. ANDERSON indicated that the National Renaissance Party is run by a man by the name of MEDOLE and the National Renaissance Party has a member by the name of KURT MERTIG, who, according to ANDERSON, was a defendant in a sedition trial in 1942. ANDERSON stated that while in Switzerland in the City of Bern he lived with a Yugoslavian (whose name he could not or would not recall) who participated in an attempt to overthrow the present Yugoslavian Government. For this reason, ANDERSON was advised by the Bern Police to leave Bern until the situation cleared itself. ANDERSON further indicated to the informant there are far too many people voting in the United States and that the voting populace of the United States should be limited by their intelligence.

Selective Service Status

T-1, supra, advised on November 6, 1954, that ANDERSON may leave the United States to evade military service.

T-2, supra, advised on December 1, 1954, that they had learned the following information:

CG 105-2363

ANDERSON claims that the Selective Service Board in Illinois has not taken any men under 21 years of age for induction during the past three years. ANDERSON claims that he has never had a physical examination for Selective Service and that he was of the understanding that there is no extradition agreement between the United States and Canada and that he could easily slip over the border to Canada and evade the draft at any time he so desired.

T-3, supra, advised in November, 1954, that ANDERSON claims he does not wish to avoid the draft. According to the informant, if it was convenient for him he would return to the United States in 1955 or 1956.

Sacrifice of Citizenship

T-3, supra, furnished the following information in November, 1954, which is as follows:

ANDERSON advised informant he is willing to give up his citizenship although he was born in the United States as he intends to leave this country even if it is necessary for him to sacrifice his citizenship.

T-2, supra, advised on December 1, 1954, that ANDERSON's purpose in going to Switzerland or France was to study and that should the need arise he would be perfectly willing to give up his American citizenship to evade the draft.

Associates

T-3, supra, advised in November, 1954, that ANDERSON was contemplating leaving Chicago on November 4, 1954, for Cedar Rapids, Iowa, and will visit a girl friend (name not furnished) there who is employed in TV work.

T-2, supra, advised on December 1, 1954, that ANDERSON had indicated that during his contemplated trip to Europe his travelling companion would be a [redacted] Marshall Field and Company, Chicago.

Enclosed herewith are 6 copies of report of SA []
[] dated January 31, 1955, at Chicago.

During the review of State Department records at Chicago, the following opinions of Special Agent [] United States State Department, were noted:

The subject is obviously overimpressed with his own intelligence. An impression might be formed that this man is illogical or lacking in basic intelligence, but it was [] impression that this was not so and that ANDERSON seemed to be fully aware of the implications of his remarks and seemed to consider Americans as a backward people of the world.

A review of the information furnished by the Selective Service to the Bureau disclosed the following opinions of members of the Local Board at Chicago:

ANDERSON was very self-possessed, very sure of himself, had ready answers, but very obviously was withholding information from the Board with pertinent regard to the source of his income and his future plans and how his trip to Europe was to be financed. It was the opinion of the members of this Board that ANDERSON should not be permitted to leave this country but should be immediately investigated by the FBI for possible Communist Party activity.

The above information is not being included in referenced report as it contains opinions which are being furnished to the Bureau for information purposes.

Reference made to WFO letter dated 4-15-55, to Chicago, reflecting a review of the records of the Passport Office, Department of State, concerning the above captioned subject.

On April 25, 1955, [redacted] advised that PAUL ANDERSON (PH) contacted the Soviet Embassy. ANDERSON stated he had mailed a letter several months ago from Iowa, in an effort to obtain visa applications. He further stated that he has not received an answer, and wished to know if he might have the applications mailed to his residence, 4300 North Lake Shore Drive, Chicago 13, Illinois. He further stated that he had been in Mexico recently, and expected to receive an answer to his application before this time. ANDERSON was advised by the Soviet Embassy that application forms would be sent to him within two days. In closing the conversation, ANDERSON informed the Soviet Embassy that he was returning to Chicago on that date, April 25, 1955.

A review of WFO letter dated 4-15-55, reflects that PAUL GEORGE ANDERSON, the above captioned subject, reflects that his permanent residence is also 4300 North Lake Shore Drive, Chicago, Illinois, and therefore we believe PAUL ANDERSON is identical with subject.

The above is for the information of the Bureau and the Chicago Office.

Dear Sir:

You will be interested to know that a very active and dangerous young Communist, Paul Anderson of 4300 Lake Shore Drive, Chicago, Ill. is leaving for a trip to Russia and Europe next week. Anderson is well known at the Russian Embassy in Washington, has been active in many Communist fronts and is on the mailing list for much Communist literature. He has visited Europe before on courier missions for the Communist Party, and this trip will be for the same cause. Anderson is a well-to-do playboy type of Communist of the Frederick Vanderbilt Field type, who has an independent income from his grandfather's chain of jewelry stores here, as well as his father's rare metals foundry. He is highly intelligent and very competent in his missions for the Party.

Sincerely,

A Patriot

In November, 1954, Selective Service reported in substance as follows:

On November 3, 1954, Paul George Anderson, age 18, requested permission to leave the United States. He exhibited a passport and said that he would be willing to sacrifice his United States' citizenship in order to leave the country. He said he planned to visit England, France, Switzerland, Czechoslovakia, East Germany and Russia. He claimed to have studied Fascism, Marxism and Communism and that he was forced out of Switzerland at one time. He stated that he was not a Communist.

Investigation disclosed that on November 6, 1954, he turned in his passport to the Chicago Office of the U. S. Department of State at their request. He reportedly had been involved in a conspiracy to overthrow the Yugoslav Government and was expelled from Switzerland for that reason. He was described as having been very much impressed by Hitler and had displayed anti-Semitic literature. He reportedly had been a member of the "National Renaissance Party" which was described as an anti-Semitic organization. Furthermore, he was reported

II. ACTIVITIES OF THE SUBJECT

On November 18, 1955, the Department of State advised the FBI, Washington, D. C., that on November 17, 1955, a passport had been issued to PAUL GEORGE ANDERSON for travel to Europe.

[] Diamonds and Antiques, Room 704, 31 North State Street, Chicago, Illinois, furnished the following information on December 20, 1955:

b6
b7C

[] has known PAUL ANDERSON since about 1950. ANDERSON was educated in private schools in Europe and has traveled a great deal. Subject's parents are divorced but he is living with his mother. His maternal grandfather, Mr. OLSEN of Olsen and Ebann, Jewelers, located at 209 South State Street, Chicago, Illinois, is quite well-to-do financially. Subject's father MAURICE ANDERSON, who is in the antique and rare metals business at 31 North State Street, Chicago, Illinois, coddles his son and makes no effort to properly guide his son. The subject receives financial aid from his father and grandfather as he is not gainfully employed.

ANDERSON is opposed to the EISENHOWER administration and is anti-Semitic because he believes that the United States government is run and controlled by Jews. ANDERSON is in favor of all "right wing" causes. [] explained "right wing" as one who takes a very stilted view of the United States constitution, also one who has distorted views such as being opposed to fluoridation of drinking water.

b6
b7C

ANDERSON told [] that in 1952 he was the head of the Chicago chapter of the National Renaissance Party.

About two years ago, ANDERSON was spending several hours a day for several days a week at the office of "We, the Mothers Mobilize for America, Incorporated", 537 South

CG 105-2363

Dearborn Street, Chicago, Illinois. ANDERSON assisted this organization in publishing their periodical entitled "Women's Voice". According to [] ANDERSON is opposed to Communism, but the Nazi type of government of HITLER appeals to him. [] believed ANDERSON to be still residing in Chicago.]

b6
b7C

[] concluded that he had not recently written a letter to the FBI and knew of no one by the name of [] who would be acquainted with the subject.

[] of apartment building at 4300 North Lake Shore Drive, Chicago, Illinois, advised on December 16, 1955 and December 19, 1955 that ANDERSON had left the above address about two weeks ago, supposedly for a trip to Europe. [] believed that ANDERSON left on the trip by himself. The date of departure and means of transportation was not known to []

b6
b7C

"We, the Mothers"

On April 21, 1955, [] advised that "We, the Mothers Mobilize for America, Incorporated" and its official publication "Women's Voice" are anti-EISENHOWER administration, anti-Semitic, anti-United Nations, and opposed to all foreign elements in this country. According to [] "Women's Voice" was noted to carry a few articles considered to be pro-German. This organization purports to be against all brotherhood clubs, yet claims to follow the teachings of the Bible.

National Renaissance Party

T-1, who has furnished reliable information in the past, advised in July, 1953, that the National Renaissance Party originated in 1948 by JAMES H. MADOLE, and he has maintained leadership of this Party. Informant believed that the National Renaissance Party is restricted to the New York area but efforts have been made to organize other groups from time to time in cities like Chicago. The Party's publication is known as "National Renaissance Bulletin". T-1 stated that MADOLE has gathered a group of pro-German, anti-Semitic radicals

into this Party some of whom have been active for years in other pro-German organizations in New Work City. T-1 concluded that although it appears that the National Renaissance Party is solely a New York City organization being used to spread anti-Semitic propaganda, it is his belief that the National Renaissance Party could be part of a large world-wide plan to discredit the present German Government and hinder the United States State Department in its plans for unification of Western Europe.

Board #25, Chicago, Illinois, dated October 6, 1955, advised that ANDERSON would be ordered to report for a pre-induction physical examination on October 31, 1955. It was stated that he would then be issued a permit to leave the United States for a period of one year.

The file contained a "Permit of the Local Board for Registrant to Depart from the United States," dated October 20, 1955. It disclosed that ANDERSON was being permitted to visit the European countries for professional, cultural, and personal reasons. The permit stated that he would be required to return to the United States by October 20, 1956.

A Certificate of Acceptability of the Selective Service System undated, but which apparently was attached to the above permit, stated that "the qualifications of the above registrant have been considered in accordance with the current regulations covering acceptance of Selective Service registrants and found not acceptable for induction under the UMT and S Act as amended."

The file contained a letter dated October 21, 1955, from [redacted] Law Office, Warner Building, Washington, D. According to the transcript, the hearing was held at the request of ANDERSON, who desired the return of his passport which was taken up when the Department of State received indications that he was going abroad without the permission of his local Selective Service Board.

During the course of this hearing ANDERSON said that he had applied to the Soviet Embassy for a Russian visa, but that he did not fill in the application because he did not have a passport. He said that he had indicated that he was going to leave this country even if he had to give up his citizenship, and had indicated that he was going to leave whether or not he got permission to leave.

ANDERSON said that he was "an Associate of the Renaissance Party, which is you subscribe for literature," and had translated several things for a friend, Mrs. VAN HYNING, who was head of "We the Mothers Against War." He said that he found politics very interesting, and subscribed "to any number of different publications of all kinds -- definitely Fascist, definitely Communist, and other publications, atheistic and what-have-you." ANDERSON also stated that he had had political discussions with various Communists and Fascists in Europe.

The subject said that there are some good points in Fascism and Communist, but that he did not subscribe himself to the doctrines of Fascist movements or individuals. He reported that he did not believe in the principles of the American Renaissance Party, and did not believe in the violent overthrow of the United States Government.

According to this transcript, ANDERSON stated at a hearing before his local Selective Service Board on November 3, 1954, that he would consider it a fundamental duty to try to get out of the country should he be refused a passport.

Copies of the above transcript are enclosed for the Bureau and Chicago.

T-1, who has furnished reliable information in the past, advised in July, 1953, that the National

Renaissance Party was originated in 1948, by JAMES H. MADOLE, and he has maintained leadership of this Party. The informant believed that the National Renaissance Party is restricted to the New York area, but that efforts have been made to organize other groups from time to time in cities like Chicago. The Party's publication is known as "National Renaissance Bulletin." T-1 stated that MADOLE has gathered a group of pro-German, anti-Semitic radicals into this Party, some of whom have been active for years in other pro-German organizations in New York City.

T-1 concluded that although it appears that the National Renaissance Party is solely a New York City organization being used to spread anti-Semitic propaganda, it is his belief the National Renaissance Party could be part of a large world-wide plan to discredit the present German Government and hinder the United States State Department in its plans for unification of western Europe.

T-2, who has furnished reliable information in the past, advised on May 5, 1955, that "Women's Voice" is the official publication of "We the Mothers Mobilize for America, Inc." which was founded in Chicago in 1941, and has been profanely anti-Semitic, anti-British, anti-Communist, anti-United Nations, and anti-EISENHOWER Administration. According to T-2, Mrs. LYRL CLARK VAN HYLING is the leader and head of this organization. The informant stated that the organization is pro-German, and that its publication "Women's Voice" follows the organization's views.

On 1/7/57, [redacted]

[redacted] that PAUL ANDERSON had returned to
Chicago about a week or two ago. ANDERSON's

has made several trips into the building at the
above address to visit his mother, ADELE ANDERSON.
[redacted] did not think that ANDERSON was employed
due to his financial independence.

b6
b7C

No further attempt is being made to
ascertain ANDERSON's exact address in Chicago as
it is felt that he could be contacted through his
mother.

A review of subject's activities disclose
that he was reported to have been expelled from
Switzerland for political activity. Subject reportedly
in 1954 bragged about his association with Communists
and Fascists in France and Switzerland. He was
reported to have been involved in a conspiracy to
overthrow the Yugoslavian Government and was
expelled from Switzerland for this reason.

It is to be noted that this information
has not been substantiated.

ANDERSON reportedly worked for "We,
the Mothers" organization in Chicago and claimed
he was a member of the National Renaissance
Party. ANDERSON reportedly has exhibited anti-Semitic
pamphlets, and has displayed books concerning progress
in Red China.

A letter signed, "A Patriot" was received by the FBI in 11/55. This letter described the subject as a "very active and dangerous young Communist," who "is well known at the Russian Embassy in Washington." This letter further describes ANDERSON as having "visited Europe before on courier missions for the Communist Party" and he is "competent in his missions for the Party."

It is to be noted that investigation was conducted in 1955 and 1956 in Chicago to ascertain the sender of this letter which resulted in negative results.

On 4/25/55, ANDERSON contacted [redacted] b7E [redacted] Washington, D.C., for the purpose of obtaining visa applications for the purpose of traveling to the USSR.

In 1956 Subject reportedly considered a conference participant of the Lightfoot Defense Committee, a Communist front organization in Chicago.

While visiting in Europe in 1956 subject reportedly told a Swedish National that he, ANDERSON, was being sent out on a world mission to visit various lands, primarily South America and Germany, to rally Nazi and Fascist forces toward an active union which informant believed to be with certain Communist groups.

Subject also suggested to this Swedish National that a pornographic film be made in Sweden with ANDERSON in the title role.

ANDERSON also reported traveling in Communist Hungary and possibly Russia in 1956.

It is to be noted that referenced Chicago letter to the Bureau dated 1/31/55, sets forth the opinions of a representative of the U. S. State

CG 105-2363

Department and members of the Selective Service Board in Chicago concerning the subject.

A review of ANDERSON's file disclosed that investigation was first opened in this case in 11/54 when ANDERSON was eighteen years of age. (ANDERSON was born 4/11/36, at Chicago, Illinois.) At the present time ANDERSON is only twenty years of age.

In view of the above, and since ANDERSON does not represent any informant potential nor do his activities constitute a security risk, it is felt that an interview with ANDERSON might result in embarrassment to the Bureau. The Chicago office is not requesting Bureau authority to interview ANDERSON.

No further action is being contemplated in this matter and this case is being closed.

PAUL GEORGE ANDERSON
IS - X

L Re Legat, Madrid, letter to the Bureau dated
6/3/59, captioned, "ANDERSEN; INTERNAL SECURITY - C".

A review of the information set forth in referenced
letter regarding ANDERSEN discloses that this individual
appears to be identical with PAUL GEORGE ANDERSON, who has
previously been under investigation by the Chicago Office.

Enclosed for the Bureau are two extra copies of
this letter for the information of Legat, Madrid.

A resume of ANDERSON's activities is as follows:

PAUL GEORGE ANDERSON, 4300 North Lake Shore Drive,
Chicago, Illinois, was born April 11, 1936, at Chicago,
Illinois. ANDERSON is a grandson of Mr. OLSEN of Olsen
and Ebann Jewelry Company, 209 South State Street, Chicago,
Illinois. This firm operates a chain of retail jewelry
stores throughout the Midwest.

ANDERSON's parents are divorced and his residence
is with his mother, ADELE ANDERSON, and his grandfather at
the above address.

In 1954, ANDERSON received a passport in Chicago
to travel in Europe; however, this passport was later taken
up by the United States State Department. ANDERSON was
also issued a passport in 1949 and was included on his
mother's passport in 1947.

In 1954, ANDERSON was reported to have been
expelled from Switzerland for political activity. ANDERSON
reportedly in 1954 bragged about his association with
Communists and Fascists in France and Switzerland. He was
reported to have been involved in a conspiracy to overthrow
the Yugoslavian government and was expelled from Switzerland
for that reason.

It is to be noted that the information set forth in the above paragraph has not been substantiated.

ANDERSON reportedly worked for "We, The Mothers" organization in Chicago and also claimed he was a member of the National Renaissance Party, both organizations being anti-Semitic. ANDERSON reportedly has exhibited anti-Semitic pamphlets and has displayed books concerning progress in Red China.

A letter signed, "A Patriot", was received by the FBI in November, 1955. This letter described the subject as a "very active and dangerous young Communist", who "is known at the Russian Embassy in Washington." This letter further described ANDERSON as having "visited Europe before on courier missions for the Communist Party", and he is "competent in his missions for the Party."

It is to be noted that investigation was conducted in 1955 and 1956 in Chicago to ascertain the sender of this letter which resulted in negative results.

On April 25, 1955, ANDERSON contacted the Soviet Embassy, Washington, D. C., for the purpose of obtaining visa applications for the purpose of traveling to the Union of Soviet Socialist Republics.

In 1956, subject reportedly considered a conference participant of the Lightfoot Defense Committee, a Communist front organization in Chicago.

While visiting in Europe in 1956, subject reportedly told a Swedish National that he, ANDERSON, was being sent out on a world mission to visit various lands, primarily South America and Germany, to rally Nazi and Fascist forces toward an active union, which informant believed to be with certain Communist groups.

Subject also suggested to this Swedish National that a pornographic film be made in Sweden with ANDERSON in the title role.

ANDERSON also reported traveling in Communist Hungary and possibly Russia in 1956.

Re: PAUL GEORGE ANDERSON

T-1, a confidential source abroad, stated on July 24, 1959, that ANDERSON was in the United Kingdom from May 5 to 10, 1959, and that while he was there he made contact with the White Defense League which is an extreme Fascist organization. He is reported to have urged the White Defense League to advocate and employ strong-arm methods in order to get rid of the negroes and so forth, and to have offered the League financial aid. He produced letters of accreditation from the Democratic Nationalist Party of Chicago and left the following samples of its literature:

"Integration News" - published by the Southern States Press Association, National Press Building, Washington, D. C.; Editor - [redacted]

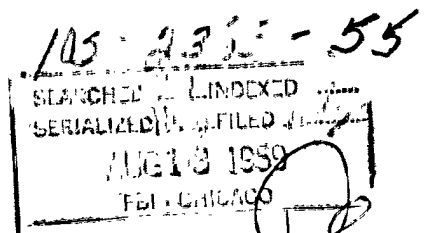

b6
b7C

"Frontier" - published by the Realpolitical Institute, Post Office Box 1785, Chicago 90, Illinois.

"The New Man in Our Image" - article by EUSTACE MULLINS - reprinted from "The Truth Seeker," a journal for reasoners and racists, 38 Park Row, New York 8, New York.

The White Defense League has come in for considerable criticism in the United Kingdom recently on account of the Fascist views of its leaders and they apparently look on ANDERSON with suspicion, fearing that he was an agent of the Communists. The League itself is a comparatively insignificant organization in the United Kingdom.

The files of the Passport Office were reviewed on December 17, 1959, and disclosed that Paul George Anderson was issued Passport Number 1309959 on February 6, 1959, at Chicago, Illinois, for proposed two months' travel to West Europe, Africa and the Middle East for purposes of business, pleasure and education. In his application dated January 30, 1959, he stated that he intended to depart from New York about March, 1959, by Swiss Air or Icelandic Airline. He stated he was not traveling by organized tour and that he intended to make another trip abroad in the next year. This passport was valid for two years' travel to all countries except: Albania, Bulgaria, Hungary, and those portions of China, Korea and Viet-Nam under communist control. Subject stated he was born on April 11, 1936, at Chicago, Illinois, and the file contains a notation that his birth certificate has been seen by passport authorities. Subject gave his permanent residence as 5 North Wabash Avenue, Chicago 2, Illinois, and his mailing address as care of W. C. Anderson Gold Company, same address. PAUL GEORGE ANDERSON

(OO:CG)

Enclosed herewith are five copies of a letterhead memorandum containing information concerning captioned individual.

The information was brought to the attention of the WFO through liaison with the Passport Office of the U. S. Department of State which was cognizant of Bureau's previous interest in this case.

The files of the Passport Office concerning the subject were reviewed by SA JAMES E. REILLY on 12/17/59, and disclosed the following information:

The American Embassy, Stockholm, Sweden, by Operations Memorandum to the Department of State dated 6/26/57, concerning the activities of PAUL G. ANDERSON, requested the latter agency to confirm whether or not ANDERSON was a citizen of the U. S. and asking what action should be taken since his activities had been the subject of several reports to the Embassy. The memorandum contained, as an attachment, a letter from [redacted] Stockholm K, dated 6/26/57, addressed to the U. S. Ambassador and complaining that PAUL ANDERSON was annoying the writer's fiancée with whom ANDERSON had been acquainted two years previously. [redacted] alleged in the letter that ANDERSON, who, he said, claims to be.... " 'writing against religion and the use of atomic weapons' and he is 'no American but an individualist whom nobody can tell what to do or how to behave and who always takes what he can get....' put political literature printed in Russian and Yugoslavian in the fiancée's mailbox.

[redacted] said ANDERSON was an American citizen staying as a guest at the Hotel Foresta at Lidingsö.

The State Department in answer by memorandum dated 8/23/57, advised that ANDERSON was last issued Passport Number 479795 on 10/6/54, and there was no record that the passport had ever been renewed. The memorandum also stated that there was nothing in ANDERSON's passport file to indicate he had expatriated himself under any of the provisions of the Immigration and Nationality Act of 1952. The State Department recommended that, as ANDERSON's passport apparently had expired, the Embassy should contact him for renewal of his passport and, at that time, examine it carefully for any violation of the travel restrictions contained therein. The State Department further advised that it had received reports that ANDERSON had traveled to Hungary and other iron curtain countries and should such violations be noted, the Embassy should withdraw his passport and forward it for decision or, in the absence of violations, to renew it. It also suggested that [] be informed that his complaint was a matter for local authorities.

b6
b7C

The American Embassy replied by memorandum dated 8/28/57, furnishing the duplicate of an application for renewal of passport executed by PAUL ANDERSON on 9/12/56, the original of which was forwarded to the State Department on 9/14/56, in which he gave his legal address as 31 North State Street, Chicago, Illinois, and his foreign address as Hotel Domus, Stockholm, Sweden. The Embassy stated that his passport was renewed at that time for two years until 10/5/58, its final date of expiration, hence the Embassy was precluded from requesting ANDERSON to call and renew his passport as had been suggested in the State Department communication.

The American Embassy, Stockholm, Sweden, by memorandum to the State Department dated 9/12/58, enclosed an application of PAUL G. ANDERSON for amendment of passport to be valid for travel to Hungary, Bulgaria, and Albania for the purposes of tourism and to gather material for articles he intended to write. The memorandum further advised that ANDERSON stated that, if his application for amendment was refused, he would consider bringing suit to obtain the amendments. The Embassy recommended denial of the application in the absence of material grounds for granting it and, in addition, stated that an examination of ANDERSON's passport disclosed no apparent violations of the travel restrictions contained therein.

WFO 100-31374

By memorandum dated 10/2/59, the American Consulate in Berlin, Germany, enclosed for the attention of the Department of State, the original of a letter from the Front Office Manager of the Berlin Hilton Hotel dated 8/24/59, to the American Consulate containing a complaint about the alleged activities and statements of PAUL ANDERSON, a U. S. citizen who had been a guest of the hotel on several occasions.

The letter, in substance, attributed to ANDERSON the loss or destruction of several bibles which the hotel, according to its custom, placed in his room. The letter also alleged that ANDERSON, from time to time, had engaged in conversation with various members of the hotel's reception desk and made statements hostile and deprecatory to Jews, Negroes, Christians, President EISENHOWER and Chief Justice and Mrs. EARL WARREN, among others.

Inasmuch as the writer of the letter stated that these remarks were only indirect quotations obtained from the individuals with whom ANDERSON had spoken, they are not set out herein. Current photographs of the subject will be forwarded by routing slip to the office of origin when processed. RUC.

"Dear Sirs,

"On the morning flight of the C.M.A. airline from Mexico City to Chicago, on December 31, 1959, I was seated next to a young man named Paul Anderson, a Chicago resident. He claims to be the travelling representative of the Institute for Bio-Politics which, I gather, has headquarters in Chicago. His passport, literally covered with visas, tends to substantiate this claim although I suspect that as the only child of a wealthy family he bears some of his expenses. The organization to which he belongs has as its purpose the establishment of an elite fascist ruling group and the elimination of Negroes, Jews, or any other group which the organization deems "non-white". It would seem that the organization includes the remains of earlier organizations such as that of Gerald Smith, the Deutsche-Amerika Bund, and similar extremists. At present the Institute for Bio-Politics is attempting to loosely affiliate with the segregationist Citizens Councils of the southern states.

RE: PAUL ANDERSON

"While I realize this misguided organization cannot achieve its irrational goals and can exist only in the lunatic fringe, I am concerned as to its activities in fomenting local racial and religious strife. For example, Mr. Anderson often boasted of the Institute's success in causing trouble in the Deerfield housing project near Chicago, in causing friction between europeans and U.S. negro military personnel, in creating anti-semitism, et cetera. He had the usual collection of literature and newspaper clippings to promote his cause. I anticipate that I shall receive additional material.

"All of the above is obviously known to you; in fact, Mr. Anderson stated as much. Consequently, the main purpose of this letter is to relieve my pent-up emotion. I found it extremely difficult to maintain a calm and rational attitude in order to learn more of Mr. Anderson and the Institute for Bio-Politics. Mr. Anderson interpreted my attitude as one of sympathy, or potential sympathy, for his cause despite my assertions to the contrary.

"Mr. Anderson is fanatically devoted to this cause and will happily talk for hours with the slightest encouragement. If one of your agents approaches him with a suitable amount of flattery and interest he can easily learn anything known to Mr. Anderson. Such an agent, in my opinion, should be paid time-and-one-half; he would more than earn it.

the information furnished in his letter set forth above, ANDERSON was with him approximately eight hours on the plane and promised to send him some literature in the future. He described the literature as made up in two classes, one which was the mild type on an intellectual level; and two, which was much stronger and which was sent out if the person was not offended by the first type or class of literature. ANDERSON stated that the second class of literature was so strong that, if sent at first it might alienate the person to whom it was sent.

[] stated that he saw ANDERSON's passport which contained many visas from all major European countries including East Germany, and Iceland. ANDERSON also told him that he had visited the Scandinavian countries and South Africa. ANDERSON stated that his parents both resided in Chicago and were rather wealthy. He described his mother as a scatter-brained socialite and his father as a person who disapproved wholeheartedly of him. [] stated that ANDERSON reminded him of LOEB in the LEOPOLD-LOEB case of some years ago.

[] described ANDERSON as follows: White, male, American, age 21-25, 5'10" to 6', 150 to 160 pounds, medium build, light brown hair, wearing horn-rimmed glasses, no marks noticeable, neat, business appearance, and characteristics - speaks German fluently.

INSTITUTE FOR BIOPOLITICS

A confidential source whose reliability is unknown advised on January 15, 1960, that information recently made available to him indicates that the Institute for Biopolitics is apparently being "reactivated in the Chicago, Illinois area."

The organization is reportedly composed of a fifty member "governing body" although the actual membership is alleged to consist of a "great many more members." According to the source, the organization is anti-semitic and anti-Negro in character and there is little doubt in the mind of the source that the men in control of "the institute" feel that the Negro and the Jew must be done away with in some fashion ultimately.

Source has determined that "the institute" is apparently headquartered in Chicago, Illinois, but they maintain no office, no telephone, and no address other than Post Office Box 1785, Chicago 90, Illinois. They are reportedly meeting on a regular basis, although the location of such meeting was not available to the source. Paul George Anderson is alleged to be "the head man" in the Chicago area and Maynard Nelson, Gustace Mullins, P. Allen Mann and Matt Koehl comprise "the power" of the organization. "A women's auxiliary apparently exists within the framework of the group and is supposedly more active than the male element of the Institute for Biopolitics."

"According to the information available to the source, the movement is described as not an international organization but because of close ties maintained between

leaders of similar organizations abroad, they are not restricted to activity in the United States.

Source stated that the organization has a "Smith and Wesson" committee responsible for collection of firearms and apparently comprise the people who will ultimately be assigned to utilize these arms. In this connection source understands that the Institute for Biopolitics maintains a list of "certain politicians" marked for simultaneous death.

Paul Anderson reportedly has advised, source stated, that their organization has done little in the way of organized activity in the past, but is now "ready to become operational." An example of the proposed activity of this group was cited as the Deerfield, Illinois, situation where the organization allegedly intends to infiltrate with propaganda. Source advised that according to various "veiled comments" the two model homes recently erected in the Deerfield, Illinois area were to be dynamited. Further details concerning this were not available to the source.

Source stated that the organization reportedly had no part in the bombing of the Jewish temple in Atlanta, Georgia, in 1958. They are alleged to have stated that had they performed the bombing, the temple would have been full of Jews when the explosion occurred.

Regarding the financial status of the organization, source stated that a number of Chicago businessmen are supposed to be backing the group. Also, one Axel Wenner-gren, the Swedish multi-millionaire industrialist, is expected to issue the group a large financial grant.

Source advised that Edward Fleckenstein, a New York attorney, is a member of this movement. Fleckenstein, who was thrown out of Germany in 1953 because of his anti-semitic activity, has decided to return to Germany.

in view of the change in political climate there.
He intends to leave for Germany on February 24, 1960.
Eustace Mullins, a member of the Chicago group, has
stated his intention of making the trip with Fleckenstein.

Source stated that many of the things concerning
the organization sound completely ridiculous. He cited
as an example that Eustace Mullins maintains a cake of
soap on a silver tray in his livingroom which, according
to Mullins, is all that remains of several Jews from
Germany. Another example, Source stated, is that
Max Nelson has erected a sacrifice altar in his backyard
on which some day a blood sacrifice of a Jew will be
made. Source has advised that while these things
seem to border on insanity, these men spoke of such activities
in complete seriousness. Source stated that based on his
acquaintanceship with this group he can only regard them
as completely dangerous and "the most dedicated men he
has ever known." //

There is enclosed herewith one copy of a two page press release from E. MULLINS, 2B, 2239 Lincoln Avenue, Chicago, Illinois; release 3:00 PM, 12/14/59, entitled "POLICE STATE TERROR ON LINCOLN AVENUE."

On 1/26/60 Professor [redacted] Institute of Sex Research, Indiana University, Bloomington, Indiana, advised SA IRVIN K. OWEN that he had received an envelope addressed to him from P.O. Box 1785, Chicago 90, Illinois, postmarked at Chicago 1/14/60. This envelope contained a two page printed "Press Release" entitled "POLICE STATE TERROR ON LINCOLN AVENUE." He stated that there was no name of sender, letter, or any other correspondence in this envelope, but that he is sure that it was sent to him by PAUL ANDERSON because of the facts he furnished before concerning this individual, which facts were set forth in referenced letter. He stated that he had expected to receive a "racial diatribe" from the way ANDERSON had talked to him; but, instead, this letter appeared to be an outburst against the FBI, which shocked him and infuriated him even more. He advised that he would be glad to furnish all information received by him from this source in the future.

The Chicago Division is requested to advise the Indianapolis Division if the receipt of such further correspondence from this source would be of any assistance to the Chicago Division so that [redacted] can be advised.

(OO:CG)

ReCGlet 3/30/60, which requested WFO to conduct a current review of the files of the Passport Office for information concerning ANDERSON and to submit same to CG so that appropriate dissemination can be made prior to ANDERSON's departure in April, 1960, for an extensive European tour.

Bylet 12/29/59, WFO furnished results of a review of subject's file at the Passport Office. This review reflected subject was issued a passport on 2/6/59.

Under passport regulations an ordinary passport such as issued to subject is valid for a period of two years, (Passports issued after 9/14/50, are valid for a period of three years) at the end of which time it may be renewed for an additional two years. These regulations permit the use of a passport for lawful travel within the period of its validity whenever and as often as desired without further prior notification to the Department of State.

Since subject received a valid passport on 2/6/59, he will not have to renew this passport until 2/6/61, and can travel to Europe as often as he desires without advising Passport Office of his trip.

Since CG has all pertinent information available in Passport Office file on subject, no further action being taken by WFO.

**PAUL GEORGE ANDERSON
BOMBING MATTERS - RACIAL MATTERS**

A confidential source, who has furnished reliable information in the past, advised on March 30, 1960, that Paul George Anderson intends to depart on or about April 22, 1960, on an extensive European tour. Source stated the following is Anderson's proposed itinerary for this tour:

<u>Airline</u>	<u>Destination</u>	<u>Hotel</u>
Eagle Aviation	Bermuda	
Quest Airways	Azores	
Avianca	Lisbon	Lisbon Hotel
Transporte Aereos Portugueses	Madrid	Plaza Hotel
	Barcelona	Hotel Avenida Palace
	Geneva	Hotel De Rhone
	Zurich	
	Vienne	Clima Hotel
	Berlin	Hilton
	Stockholm	
	Helsinki	Vaskuba

The files of the Passport Office, United States Department of State, Washington, D.C., on December 17, 1959, disclosed that Paul George Anderson was issued Passport Number 1309989 on February 6, 1959, at Chicago, Illinois. The passport was issued for a proposed two months travel to West Germany, Africa and the Middle East for purposes of business, pleasure and education. On his application, dated January 30, 1959, Anderson stated he was not traveling by organized tour and that he intended to make another trip abroad in the next year. This passport was valid for two years travel to all countries except Albania, Bulgaria, Hungary, and those portions of China, Korea and Viet-Nam under Communist control.

6 - Bureau
1 - Chicago
Robert J. Dolan/MAM

Anderson stated he was born on April 11, 1936, at Chicago, Illinois. His file indicates his birth certificate had been examined by passport authorities. He gave his permanent residence as 5 North Wabash Avenue, Chicago 2, Illinois, and his mailing address as Care of M. C. Anderson Gold Company, same address. Anderson identified his father as Maurice Anderson, born June 26, 1900, at Chicago, Illinois, and who was then residing at 5 North Wabash Avenue, Chicago, Illinois. He listed his mother as Adele Anderson, born April 4, 1902, at Chicago, Illinois, and who at that time resided at 4300 North Lake Shore Drive, Chicago, Illinois.

Anderson stated he had never been married. He denied in this application past or present membership in the Communist Party (CP).

The CP, USA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

A second confidential source, who has furnished reliable information in the past, advised on November 6, 1954, that Paul George Anderson had been expelled from Switzerland for political activities and at that time was a member of the National Renaissance Party (NRP), which has for a motto, "We Will Do for America What Hitler Did for Germany".

A third confidential source, who has furnished reliable information in the past, stated on May 19, 1955, that the NRP at present is a neo-Nazi, anti-Semitic, anti-Negro organization with activities presently confined to the New York City area. He said that its present activities consist of holding outdoor meetings and the distribution of literature throughout the United States and abroad where it is reprinted by other similar organizations. This informant stated that the NRP leader and founder is James H. Madole and the principal financial contributor is Frederick Weiss. He stated at present the Party membership is very small.

The April, 1955, "National Renaissance Bulletin", official NRP publication, listed headquarters at 10 West 90th Street, New York City.

The NRP was the subject of a preliminary report on neo-fascist and hate groups published by the House Committee on Un-American Activities on December 17, 1954, which stated that this neo-fascist group's activities and propaganda are clearly subversive and un-American.

A confidential source, previously mentioned, advised on January 15, 1960, that Paul George Anderson is reportedly "the head man" in the reactivation of an organization in Chicago, Illinois, which they call the "Institute For Biopolitics". Source described this organization as anti-Semitic and anti-Negro in character and said that there is little doubt in the mind of the source that the men in control of "the Institute" feel that the Negro and the Jew must be done away with in some fashion ultimately.

The movement, source stated, is not international but because of its alleged close ties maintained between leaders of similar organizations abroad, they are not restricted to activity in the United States. Source also advised the organization reportedly is expecting a large financial grant from one Axel Wenner-gren, a Swedish multi-millionaire industrialist.

This same source furnished the following physical description of Anderson:

Race	White
Sex	Male
Height	6'
Weight	145 pounds
Hair	Blond, wavy to the point of being crinkly
Eyes	Blue, wears shell-rimmed glasses
Marital Status	Single

dated 10-6-59.

The following information was contained under the heading "Juvenile Delinquency and Hate Among the Young".

"Youngsters have been poisoned by some of the avid hatemongers who regularly grind out their tracts of hate in many parts of the country. One such hate-promoter paid the Chicago ADL a visit just a week ago when he dropped in to seek some back ADL Bulletins, pretending that he was a student. When he was fully revealed as PAUL ANDERSON, who for the past six years has been "playing around" with well-known bigots, he blithely admitted his identity and proceeded to deliver a lengthy harangue on what lies ahead for the Jews and other "mongrel" people. ANDERSON, now about 23 years of age, was known to us as an avid supporter of hate causes since his mid-teen years. He now proudly brags about his association with EUSTACE MULLINS and MAYNARD "MAX" NELSEN, several Chicago "philosophers" of the hoped-for "new order."

"ANDERSON comes from a fairly wealthy background, has done a wide amount of traveling, particularly in Europe, and minces no words in declaring that he and his associates are perfectly content to wait for the proper time - "Der Tag" - when they will all know what to do! Background on ANDERSON and his colleagues has been made available to appropriate law enforcement authorities."

RACIAL MATTERS

On June 28, 1960, [REDACTED] - PCI (RAC), advised that [REDACTED] the Gulf Oil Corporation, Chicago, Illinois, is known by him to be a close associate of PAUL GEORGE ANDERSON.

ANDERSON it is noted is currently under investigation by this office as a potential bombing suspect. [REDACTED] advised that some time ago during the course of a "meeting" of ANDERSON, USTACE MULLINS [REDACTED] two unidentified girls were in attendance. [REDACTED] stated that while ostensibly the meeting was a cocktail get-together prior to having dinner, the entire time was spent discussing racial issues and mention was made of the Institute for Biopolitics. [REDACTED] stated that [REDACTED] was one of the unidentified females present and that while she took no active part in the discussion both girls were ostensibly aware of the issues being discussed and demonstrated no surprise at the radical remarks and stand taken by MULLINS and ANDERSON.

b6

ANDERSON said that a short time ago [REDACTED] had a purse stolen from her while she was at her employment. The theft was subsequently reported to the police and [REDACTED] came to him expressing deep concern not over the loss of the purse or its contents but over certain "records" that she lost when the purse was stolen. [REDACTED] advised that subsequently because of this theft several meetings were had by those individuals who are reportedly affiliated with the Institute for Biopolitics. He advised that because of [REDACTED] and because of his association with these individuals his advice was sought. [REDACTED] stated that it was his opinion that these individuals were highly concerned over the loss of these "records" and that it is his belief these records are concerned with the so-called Institute for Biopolitics, its membership or their activities.

On 10/1/60, a naturalized British citizen of Hungarian birth, named Mr. GABOR COSSA, contacted this office and furnished information concerning subject as set forth below:

Mr. COSSA, who is of Jewish extraction, born in Hungary, 8/07/04, presently residing at 34 Trampington Street, Cambridge, England, stated that he met subject on a train travelling from Barcelona, Spain, to Paris, France, on 9/29/60.

He stated that conversations between he and ANDERSON took place on a diner on the train and that ANDERSON was avidly anti-negro and anti-semitic. His conversation reached demented proportions, according to COSSA, and that ANDERSON produced a letter of introduction which bore the letterhead of the Institute for Bio-Politics, Post Office Box 1785, Chicago 90, Illinois. ANDERSON stated that two names appeared on the letterhead, E. ELLEN and M. NELSON, and that the letter was written in both English and German. The letter was to act as a letter of introduction which stated that Mr. PAUL ANDERSON was a representative of this organization.

Mr. COSSA stated ANDERSON also produced an American passport and his activities were such that he felt obliged to report ANDERSON to a representative of the American Government.

He described ANDERSON as about 23 years of age, light brown, wavy hair, thin build, glasses, 5 feet 9 or 10 inches tall. ANDERSON, according to COSSA, informed him that he had travelled in Germany, Hungary and Poland.

The Institute for Bio-Politics and other names mentioned in this letter are unknown to this office and this matter is brought to the attention of the Legat, Bonn, and the Bureau for information.
